In '2052 - A Global Forecast for the next 40 years', Randers draws on his own experience in the sustainability area, global forecasting tools, and the predictions - included in the book - of more than thirty leading scientists, economists, futurists, and other thinkers to guide us through the future he feels is most likely to emerge.

2052.info | A Global Forecast for the Next 40 Years

Jorgen Randers' 2052: A Global Forecast for the Next Forty Years, is a well argued, thoughtfully balanced analysis that delivers a reasonable and credible forecast of the near future of the world. He covers a wide range of topics: economics, environment, population, geopolitics and resources. He avoids extremes and unlikely scenarios.

2052: A Global Forecast for the Next Forty Years: Randers ...

2052 - A Global Forecast for the Next Forty Years is a 2012 book describing trends in global development. It is written by Jørgen Randers and is a follow-up to The Limits to Growth, which in 1972 was the first worldwide report by the Club of Rome. It differs in three ways from the previous report. First, it does not describe an impending disaster scenario, but shows only trends. Secondly, it is to be read in the light of experience since 1972, namely, that all of humanity has responded to ...
