Be A Great Problem Solver

Being a good problem-solver means thinking innovatively and that means thinking outside the box. Do not settle for the first solution you find. Push the boat out. Find as many alternative solutions as you can. And then find some more.

Six Steps to Becoming a Better Problem Solver | Networking ...

Good problem solvers use a combination of intuition and logic to come up with their solutions. Intuition has more to do with the emotional and instinctive side of us and logic is more related to our cognition and thinking. Good problem solvers use both of these forces to get as much information as they can to come up with the best possible solution.

10 Characteristics of Good Problem Solvers | HuffPost Life

In order to begin to solve a problem you need to understand what final result you want. Ask yourself, "What do I want to accomplish by solving this issue?" Make your goals specific, realistic, and time-limited. In other words, give yourself a specific amount of time that you need to accomplish the goal or solve the problem.
