Codes and standards | NFPA - National Fire Protection ...

The ancient Greeks believed that fire was one the four basic elements that composed all things in the universe. In the mythology of virtually every culture, fire is a sacred substance that gives life or power. Fire is not, in fact, a substance. When you gaze at the leaping flames of a campfire, you're observing not an object, but a process – a chemical reaction.

NFPA - Reporter's Guide: All about fire

Completely up-to-date with the 2010 edition of NFPA 13, the third edition NFPA Pocket Guide to Sprinkler System Installation is your single source for all the essential data contractors, designers, plan reviewers, and inspectors need to ensure that automatic sprinkler systems are installed right for maximum fire protection.
