De Felice presents a highly engaging study of the hospitality business in Pompeii. He reasons that if Pompeii had a population of 10,000 inhabitants, and that its 151 inns, taverns, and/or snack shops each employed four women, there would have been one "waitress-prostitute" for every seven adult men at Pompeii. This figure being preposterous, he goes on to demonstrate, quite sensibly, how ...

Women in Tourism and Hospitality Organization - WITHorg

Attend any hospitality industry conference or event and it is notable how the majority of the attendees—many of whom hold top tier executive titles—are male rather than female. At the property level too, if during your stay, you request to speak to the general manager the chances are you will be greeted by a man rather than a woman. (A female hotel director in Europe contends that an old ...

Prostitution in ancient Rome was legal and licensed. In ancient Rome, even Roman men of the highest social status were free to engage prostitutes of either sex without incurring moral disapproval, as long as they demonstrated self-control and moderation in the frequency and enjoyment of sex. At the same time, the prostitutes themselves were considered shameful: most were either slaves or ...
