Monthly "all you can eat" subscription services are now mainstream for music, movies, and TV. Will they be as popular for e-books as well?

Using Your Operators Manual

In simplest of terms, an operations manual is a document that explains how a company does things or get things done. It can come in the form of a printed small booklet or an online resource like a company wiki. The operations manual outlines the processes that are necessary to achieve business goals, documents on how to do them, and who is responsible for carrying them out.
